STATEMENT OF OBJECTS AND REASONS

The Lai Autonomous District Council, under sub-paragraph (3) of paragraph 8 of the Sixth Schedule to the Constitution of India, is empowered to make regulations for the levy and collection of taxes on vehicles within the District. In exercise of this power, The Lai Autonomous District Council (Control of Vehicle Parking) Regulations, 2012 was enacted to regulate parking of vehicles, declare parking areas, and levy parking fees within notified town areas of the District.

With rapid urbanization and increase in vehicular traffic in Lawngtlai and other emerging town areas, haphazard parking on public streets, road sides, and thoroughfares has led to severe traffic congestion, obstruction to pedestrians, hindrance to emergency services, and public inconvenience. Further, absence of detailed procedure for declaration of parking areas, manner of collection of fees, issuance of receipts, exemptions, compounding of offences, and maintenance of records has created administrative difficulties in effective enforcement of the Principal Regulations.

Therefore, it has become necessary to frame comprehensive rules under Regulation 11 of the Principal Regulations to prescribe uniform procedure for identification and notification of parking areas, regulate appointment and functioning of Collectors, specify forms and registers for accountability, lay down process for special permits and compounding, fix accountability for loss/damage, and empower field officers for effective enforcement.

The present Rules are intended to remove administrative difficulties, ensure smooth parking regulation, augment revenue of the District Council, and provide safe, orderly parking facilities to the public. The levy is regulatory in nature and not a tax on ownership of vehicles.

Hence, The Lai Autonomous District Council (Control of Vehicle Parking) Rules, 2026 are proposed to be made.
